

# Are you willing to go *Plus 1* for Holy Angels Church?

Holy Angels Church needs your financial support. Our monthly revenue is meeting less than 65% of our expenses. At this rate, our savings reserves could be depleted in about 6 years. We need to support our Church and all its ministries into the future – not only for ourselves, but for our families and our community!

Holy Angels Church is a tithing parish. We aim to give 5% of our income to our Church and 5% of our income to other charities. The chart below shows the recommended weekly giving based on income.

**How can you help?** Join us in our *Plus 1* campaign. If your giving has not reached the 5% goal, we ask that you increase your weekly giving by 1% more of your weekly income.
